

SOLOMON'S TEMPLE

By: Randy Swift

What is a church, where does it start
Is it a building or is it a heart
If you know the answer then we can agree
It's not a building, it's a heart that's willing to let God lead

Solomon's temple was not like David's heart
Knowledge & wisdom don't make you spiritually smart
You may find yourself deceived if you can't tell them apart.
Solomon's temple & David's heart

Knowledge & wisdom was Solomon's plea
He never ask God to let the spirit lead
But David laid on his face and prayed continually
He cried for heaven's sake father don't take your spirit from me

Solomon was a wise man of this there is no doubt
He built the great cathedral but he left something out
He wrote in Ecclesiastes all is vanity and despair
Even though his church looked perfect
He knew God's spirit was never there.
