

## Canaan Land Is Just In Sight

Moses led God's children  
Forty years he led them  
Through the cold and through the night  
Though they said let's turn back  
Moses said keep going  
Canaan Land is just in sight

There will be no sorrow  
There, in that tomorrow  
We will be there by and by  
Milk and honey flowing  
That is where I'm going  
Canaan Land is just in sight

Though we walk through valleys  
Though we climb high mountains  
We must not give up the fight  
We must be like Moses  
We must keep on going  
Canaan Land is just in sight
