

Grace Came Huntin' Me Down

Randy Swift / 9-22-13

Grace had a vision; it set its sights on me
It did not see the mess I was it saw what I could be
Grace is full of mercy that sets the captive free
It found me and it led me to a place called Calvary.

Grace came huntin' me down

When lives are filled with failure, there grace much more abounds

I once was so lost, but now I'm so found

Because Grace came huntin' me down...

There's a story in the Bible about the ninety & nine
How Grace left the flock to look for one who fell behind
Just like it did for Thomas; Grace came back for me too
So don't you ever think dear friend it won't come back for you...
