

# He is More

Randy Swift

Some folks say that he was just a man  
With a willing heart and a helping hand  
While other folks say he never existed at all  
It's the greatest controversy of the modern age  
Will you believe what's on the Bible's page?  
Or make your stand against the manger stall... And deny it all???

*He was more than just a man from Galilee  
Who fed a multitude and parted a sea  
More than just hope for the hopeless, the weak and the poor  
He's more than just a man who can set men free  
Make a deaf man hear and a dumb man speak  
More than somebody like no one you've ever known before.  
He is more*

He's more than just a man that they tried to kill  
Up on Calvary and Capitol Hill  
Now who is man to think that he can do a thing like that?  
He's more than mere words could ever express  
The giver of life who defeated death  
And I can't wait to see what else that he has in store... I know there's more!!!
